

## **Assured Carpet Care Plus**

Carpet Care Plus combines four products in one.

A one pass cleaning product which:

- Cleans your carpet removing stubborn stains
- Deodorises
- Disinfects
- Provides an invisible surface coating which carries on killing micro-organisms when dry.

This style of product is equally effective in the home or harsher environments such as Care Homes for the caretaking of human fluid spillages. Carpet Care Plus will clean whilst killing off potentially disease causing micro-organisms whilst at the same time deodorising the affected area.

The residual kill is a physical kill which cannot therefore give rise to microbial mutation. This protective mono-layer is invisible, permeable and non leaching.

Passes: BSEN 1040, BSEN1275, BSEN 1276, BSEN 12791, BSEN 13697, BSEN 13704 (including *C. difficile* spores), BSEN 13727, BSEN 14348, BSEN 14476, BSEN 14675, BSEN 14476 (including Polio virus), BSEN 1650.
