

PRODUCT USE GUIDE FOR

ASSURED HAND SANITIZING GEL

Product Description

A clear 40% alcohol unperfumed hand sanitizing gel for use in any situation where bactericidal control is important. Approved and tested against the Methicillin-resistant Staphylococcus Aureus bacteria.

Product Features

- A waterless hand sanitizing gel which sanitizes the skin without the need for water.
- Ideal for use on entering food production areas, or before handling food.
- Important - the use of towels or tissue may lead to re-contamination with bacteria.
- Application to dry cracked or cut skin should be avoided.
- Assured Hand Sanitizing Gel complies with the challenge test against the following organisms using an adaptation of European Suspension Test (BSEN 1276): E coli, Salmonella Typhimurium, Listeria Monocytogenes, Methicillin resistant Staphylococcus Aureus (MRSA) and is effective after a contact time of 2 minutes . It also complies with the challenge test BSEN13704 against Clostridium Difficile and is effective after a contact time of 30 minutes.
- Triclosan free.
- Complies with EU Cosmetic Products Regulation (EC) No 1223/2009

Direction for Use

- Apply a small amount to the hands and rub in well, paying particular attention to finger nails and the area between the fingers.
- Allow hands to dry.

Storage

- Store in cool conditions away from direct sources of heat
- Avoid extremes of temperature
- Do not allow to freeze
- Ensure the cap is tightly fitted after use
- Keep out of reach of children

Shelf Life

- Shelf life 24 months if stored as recommended.
- Use within 6 months of opening

Environmental Hazards

- Do not allow large quantities of neat product to enter surface waterways.
- In the event of a large spillage, contact the local water authority or Environment Agency immediately.
